

# ASSET 3.0

## DWS IT Strategy for TANF/WIA/FSET Employment Programs

October 22, 2004

# *Goals and Challenges:*

- *Improve the effectiveness of our programs for our customers*
- *Streamline automated operations for our partners*
- *Reduce the cost of IT systems*

# ASSET

**A**utomated **S**ystem **S**upporting  
**E**mployment & **T**raining

- WIA Title I
  - Adult
  - Dislocated Worker
  - Youth
- WIA Title III
  - Wagner-Peyser
  - UI Reemployment
  - Veterans
- TAA
- NEG
- Other

# CARES

**C**lient **A**ssistance for **R**eemployment  
& **E**conomic **S**upport

- TANF Work Programs
  - W-2
  - Child Care
  - Children First
- Food Stamp Employment  
& Training (FSET)

## Eligibility Determinations

- W-2, Child Care
- Income Maintenance
  - FS, MA, BadgerCare, LTC,  
CTS, etc.

# Strategic Question for DWS:

- How can we best deploy our resources to improve automation for Workforce Programs?
  - WIA (Title I, Wagner-Peyser, etc.) ASSET system
  - TANF (W-2, CC, WtW, etc.) CARES system
- Status Quo
- New Investment:
  - WorkSET - full replacement of both systems
- Reinvestment:
  - Leverage CARES and ASSET

# Strategic Question for DWS:

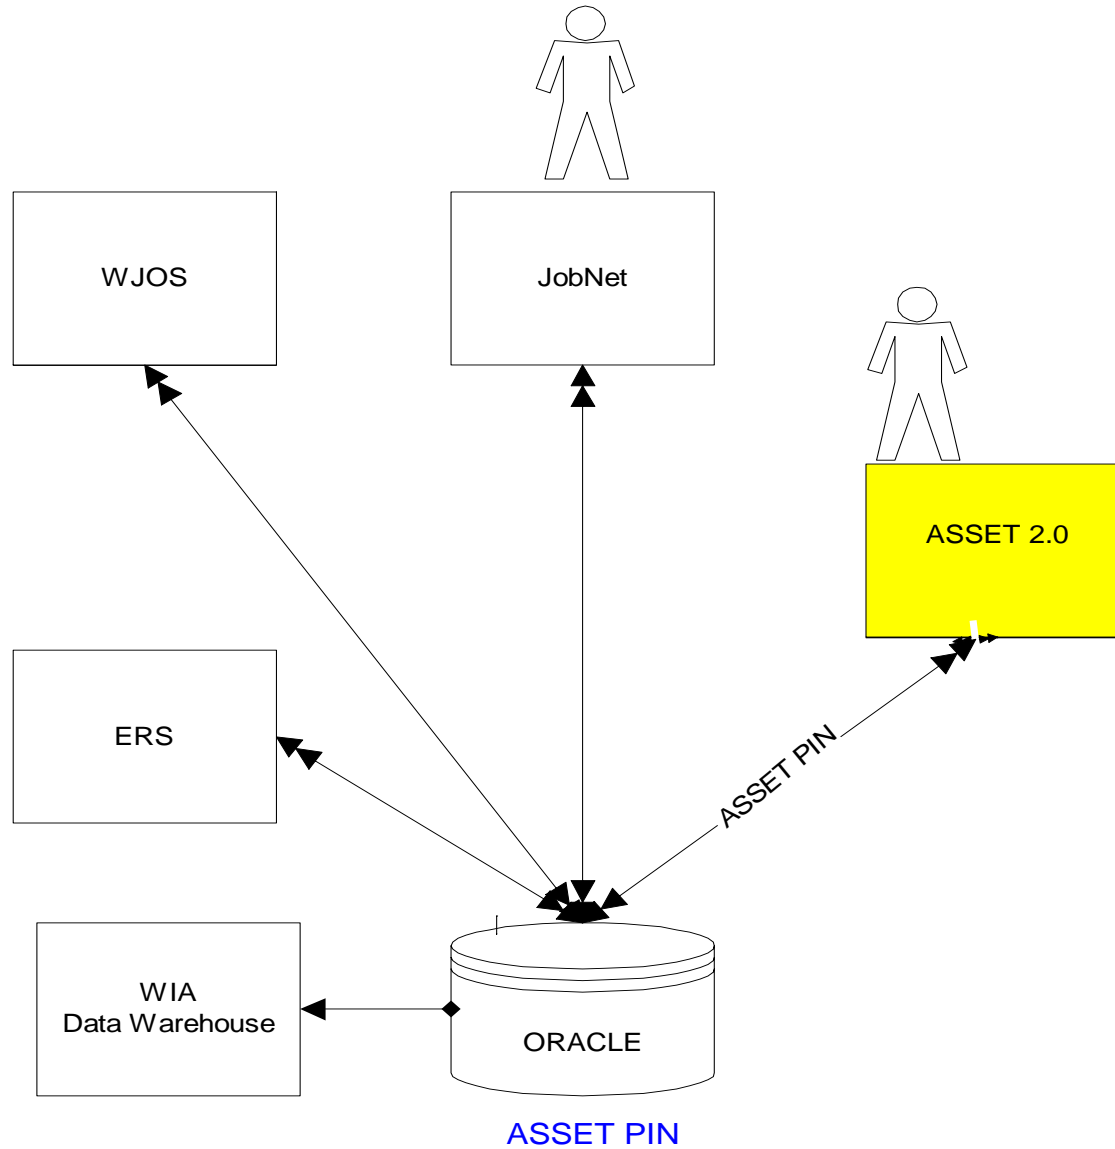

- How can we best deploy our resources to improve automation for Workforce Programs?
  - WIA (Title I, Wagner-Peyser, etc.) ASSET system
  - TANF (W-2, CC, WtW, etc.) CARES system
- Status Quo
- New Investment:
  - Work-ASSET - full replacement of both systems
- Reinvestment:
  - Leverage CARES and ASSET

# What will ASSET 3.0 Do?

- Make changes to existing productions systems: ASSET, CARES, and reporting tools
- Use CARES for eligibility determinations
- Create interfaces and other links between CARES and ASSET
- Support TANF/FSET work programs functions on ASSET
- Improve support for WIA work programs
- Will NOT create new business rules or programs - but will better support current programs' rules and processes.
